

## Contents

**Bacteriological and Molecular Detection of *Klebsiella oxytoca* and its Resistance to Antibiotics among Clinical Specimens from Kirkuk, Iraq**

**Increasing Efficacy of Covid-19 Vaccines by Lifestyle Interventions**

***Porphyromonas Gingivalis* in the Development of Periodontitis: Impact on Dysbiosis and Inflammation**

**Effect of *IL-23 Receptor* Gene Polymorphism (Rs1884444) on the Prevalence of Oral Fungal Infection in Patients with Type 2 Diabetes Mellitus: A Case-Control Study in Iraqi Patients**

**Effect of Culture Medium on *in vitro* Fertilization in Local Iraqi Ewes**

**Study of Microbial Infections and Some Immunological Parameters among Covid-19 in ICU Patients in Najaf Governorate, Iraq**

**Expression of *IL1 $\beta$*  Gene in the Placentas from Humans and Cows during *Brucella* Infection**

**Tracing Some Salivary Immune Elements in Iraqi SARS-2 Patients**

**The Association of Serum Calcium and Vitamin D with Insulin Resistance and Beta-Cell Dysfunction among People with Type 2 Diabetes**

**Synthesis and Evaluation of the Immunomagnetic Beads for Separation of the *Salmonella typhimurium* from Milk**

**Comparative Genetic Features of *SI* Gene from Six Massachusetts and Variant Avian 2 Infectious Bronchitis Viruses Isolated in Iran**

**Bovine Viral Diarrhea Virus and Bovine Herpes Virus-1 in Dairy Cattle Herds in Fars Province, Southern Iran: Seroprevalence and Evaluation of Risk Factors**

**Evaluation of BHK-21 Cell Line for Specific Viruses by Two Different PCR Methods**

**Investigation of Risk Factors for Hospitalization of COVID-19 Patients with Diabetes in Najaf, Iraq**

**Effect of *Bacillus subtilis* as a Probiotic on the Productive and Physiological Performance of Broilers**

**Prevalence of Enterohaemorrhagic and Enteroaggregative *E. coli* among Children with Diarrhea in Najaf, Iraq**

**Effect of Serum Level of Human Epididymis Protein 4 and Interleukin-6 as Biomarkers in Patients with Adnexal Mass**

**Amplification of Wound Healing by Propolis and Honey Ointment in Healthy and Diabetic Rat Models; Histopathological and Morphometric Findings**

**Non-Tuberculous Mycobacteria *hsp65* in Relation to Bovine Subclinical Mastitis and IL6 Concentration in Cow's Milk**

**Association between Vitamin D Deficiency and Vitamin D Receptor Gene Polymorphism (*FokI*-rs2228570) among Men with Anemia in Babylon Province, Iraq**

**Role of Serum Leptin Levels in Women with Primary Subfertility**

**Isolation and Molecular Detection of Feline Infectious Peritonitis Virus**

**Clinical and Histopathological Study of the Effect of Adipose-Derived Mesenchymal Stem Cells on Corneal Neovascularization following Alkali Burn in a Rabbit Model**

**Association of Biofilm Inducer with *blavim*, *blaIMP*, and *blanDM* in *Pseudomonas aeruginosa* Isolates**

**Chronic *Chlamydia pneumoniae* Infection and Risk of Early-Onset Versus Late-Onset Preeclampsia**

**Comparison of Skin Bacteria between Psoriasis Patients and Healthy Control**

**Molecular Detection of Some Virulence Genes in *Salmonella* Species Isolated from Clinical Samples in Iraq**

**Molecular and Seroprevalence of Toxoplasmosis in Goats' Blood and Milk in Iraq**

**Influence of the Oral Administration of Fish Oil on Hematological and Biochemical Performance in Local Male Rabbits**

**Contribution of Hepatitis B Contribution to Anemia in Dialysis Patients with Chronic Renal Failure, Iraq**

**Combined Molecular and Biochemical Identification of Alpha Toxin in Local Isolated *Clostridium novyi* from the Sheep Liver**

**Evaluation of Breeding Values and Variance Components of Birth and Weaning Weights in the Holstein Cows Herd Based on Genetic Information**

**Association of Smoking with the Severity of *H. pylori* with the Extent of Its Impact on Blood Parameters**

**Evaluation of a Specific Modulation Frequency Technique for Detecting *H. pylori* in a Model of Experimentally Infected Mice**

**Study the Ability of *Salmonella typhimurium* to Induce Cytokine TNF $\alpha$  in Mice Treated with Olive Leaves Extract and Ciprofloxacin**

**The Effectiveness of Biotin (Vitamin B<sub>7</sub>) Added to the Diet in Improving the Efficiency of Productivity, and Some Physiological Traits for Broiler Chickens (Ross-308) Exposed to Oxidative Stress**

**Immunological Evaluation of Individuals Infected with *Acinetobacter baumannii***

***in vivo* Evaluation of Immunomodulatory Activity of Lipopolysaccharide Zinc Oxide Nanoparticles (LPS-ZnNPS)**

**Evaluation of Marjoram Leaves (*Oregano vulgar*) as Feed Supplement on Quality of Semen in Awasian Pollination Rams**

**Serum Level of Heat Shock Protein 70 in Patients with Type 2 Diabetes Mellitus in Basrah, Iraq**

**Effects of *Avena sativa* and *Glycyrrhiza glabra* Leaves Extracts on Immune Responses in Serum Cytokine and Liver Enzyme Levels in NIH Mice**

**Effects of Adding Different Levels of Hydroponic Barley Fodder on the Productive Performance and Economic Value of Broiler Chickens**

**Investigation of the Effect of *Rhubarb* stalks extracts on Mice Exposed to Oxidative Stress**

**The Preoperative Serum Levels of the Anaphylatoxins C3a and C5a and Their Association with Clinico-Pathological Factors in Breast Cancer Patients**

**Assessment of Knowledge, Attitudes, and Practices towards COVID-19 among Hemodialysis Nurses during the COVID-19 Outbreak in Ma'an Governorate Hospitals- Jordan**

**Evaluation of Serum Interleukin-15 in Acute Lymphoid and Myeloid Leukemia Patients**

**Identify Breast Cancer Risk Factors Using the Gail Assessment Model in Iraq**

**Investigate the Presence of HBV Surface Antigen in Pregnant Women, Cairo City in Egypt**

**Prevalence and Antibiotic Susceptibility of Pathogenic Bacteria Associated with Ocular Infections in Adult Patients**

**Microbial Profile and Antibiotic Susceptibility Pattern in Diabetic Patients with Mild, Moderate, and Severe Foot Infections in Tehran**

**Effect of Pomegranate Peels Aqueous Extract on the Histological Structure of Small Intestine of Local Male Rabbits (*Oryctolagus cuniculus*)**

**Pharmaceutical Characterization and *in vivo* Evaluation of the Possible Anti-Inflammatory Effect of Topical Allopurinol Gel in an Animal Model**

**Relationship of Polymorphisms of the Mutation (225131) of the *pou1f1* Gene with some Productive Traits in Iraqi Camel Females (*Camelus dromedarius*)**

**Prenatal Exposure to L-Citrulline Has Positive Effects on Reflexive Motor Behavior in Newborn Mice**

**Effect of Smoking on Low-Density Lipoproteins Level in Human**

**Osteoprotegerin, Parathyroid Hormone and Vitamin D as Effective Factors on Serum-Urine Calcium Levels in Breast Cancer Patients**

**Evaluation of Gene Expression of *norA* and *norB* Gene in Ciproflaxin and Levofloxacin Resistant *Staphylococcus aureus***

**Reduce the Changes in Histological Features of Colon Resulting from Induced Ulcerative Colitis in Mice by Worm Antigens**

**Molecular and Physiological Study in Patients with Coronavirus in Thi-Qar Province Iraq**

**First Report of Massive Myocardial Calcifications in a Vervet Monkey (*Chlorocebus pygerythrus*)**
